Decanter ranks Piantao among South America's top six wines

The influential wine critic Patricio Tapia, responsible for tasting Argentine wines for Decanter magazine, awarded **96 points** to **Zorzal Piantao 2011**, calling it one of the **best wines of South America** in the December edition of the British publication.

"From every angle this is refreshing and vibrant Cab Franc, filled with bright red fruit and subtle herbal tones. The texture feels tight, as the acidity gives light and energy. Drink 2015-2020".
